GLOVES NA

GENERAL INFORMATION

Kidskin assembly gloves show excellent grip and snug fit properties which allow for detailed and direct assembly and mounting applications. Due to the high quality softened

kidskin material no hand fatigue or perspiration effects occur potentially leading to less worker performance or less comfort while wearing over a longer time period.

TECHNICAL INFORMATION

Basic Material: Kidskin (Nappa)
 Material Thickness: 0,9 mm
 Overall length: 25 cm

Specification: According to CE Cat III

APPLICATION AND USE

- Kidskin assembly gloves can be used in all environments which demand high wear and tear properties and at the same time call for firm grip and sensitivity at fingertips. Common use recommended in all areas, such as automotive, electro and mechanical fields
