

# PRODUCT INFORMATION SHEET

## POWER FIX LSE

### 1. Chemical product and company identification

#### 1.1. Product identification

Power Fix LSE

#### 1.2. Application of the article

Mounting of high load bearing applications to smooth and rough surfaces

#### 1.3. Company identification

TECHNIQUA HANDELS GmbH

Reichenhaller Straße 15

D-83451 Piding

Tel: +49 (8651) - 767 62 51

E-Mail: sales@techniqua.de

#### 1.3. Emergency information

Tel.: +49 (0) 6131 - 19240

### 2. Hazards identification

Not dangerous when used under normal conditions

Eye contact	Adhesive may cause irritation
Skin contact	Adhesive may cause irritation
Inhalation	Adhesive may cause irritation
Ingestion	Not an expected route of entry during normal use and handling

### 3. Composition/information on ingredients

Pressure sensitive tape consisting of:

A polyester fabric carrier on both sides coated with a synthetic rubber adhesive, in combination with a white siliconized paper liner.

### 4. First aid measures

General first aid measures	Exposure to the product in normal storage and handling has not been reported to cause a special hazard. But, under processing of grinding or heating, the vapors of heated material and smells may cause irritation to respiratory organs.
Eye contact	Eye contact is not expected to occur during normal use of the product. Flush with plenty of water. In case of persistent symptoms, contact a physician.
Skin contact	Try to detach carefully with a blunt object. Flush with plenty of water and soap. Direct contact may cause skin irritation such as itching and redness. In case of persistent symptoms, contact a physician.
Inhalation	Remove to fresh air. Health effects from breathing in smell of product may be expected: headache, nausea and respiratory difficulties. In case of persistent symptoms, contact a physician.
Ingestion	Do not induce vomiting, contact a physician immediately

### 5. Firefighting measures

#### 5.1. Extinguishing media

Water, dry chemical, foam, carbon dioxide

# PRODUCT INFORMATION SHEET

## POWER FIX LSE

### 5.2. Precautions

Use self contained breathing apparatus and personal protective equipment

### 5.3. Hazardous products of combustion

Carbon monoxide, carbon dioxide and traces of other carbon products

## 6. Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes or clothing

### 6.2. Environmental precautions

Use appropriate container to avoid environmental contamination

### 6.3. Methods and material for containment and cleaning up

Clean up with acetone

## 7. Handling and storage

### 7.1. Precautions for safe handling

Protective devices (gloves, mask, goggles) may not be required in particular in the normal use of this product. Avoid prolonged or repeated skin contact. Avoid breathing of thermal decomposition products for respiratory protection.

### 7.2. Conditions for safe storage

Store in a cool dry place

### 7.3. Specific use(s)

Wash hands with soap and water after use

## 8. Exposure controls/personal protection

### 8.1. Control parameters

No special measures are necessary

### 8.2. Exposure controls

Respiratory protection	Wear dust mask. Avoid breathing of thermal decomposition products.
Hand protection	Wear protective gloves, if necessary
Skin protection	Normal work wear
Eye protection	Wear protective goggles, if necessary

## 9.1 Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Form	Solid
Odour	Slight rubber odour
Colour/appearance	Transparent
Specific gravity	0,95 g/cm <sup>3</sup>
Melting point	> 130°C
Solubility in water (20°C)	Negligible

## 10. Stability and reactivity

### 10.1. Incompatible materials

No hazardous reactions when stored and used under normal circumstances

### 10.2. Conditions to avoid

Extensive heat, certain oxidation catalysts such as cobalt naphthenate or strong oxidizing agents e.g. peroxides can initiate a rapid oxidation causing heating and possibly a fire.

### 10.3. Hazardous decomposition product

Carbon monoxide, carbon dioxide and traces of other carbon products

### 10.4. Reactivity

Heat, spark, flame or ignition sources

### 10.5. Chemical stability

Stable under normal conditions (up to 130°C)

# PRODUCT INFORMATION SHEET

## POWER FIX LSE

### 11. Toxicological information

#### 11.1. Acute toxicity

Adhesive may cause irritation

#### 11.2. Chronical toxicity

n/a

#### 11.3. Acute damage/symptoms

Eye contact Adhesive may cause irritation

Skin contact Adhesive may cause irritation

Inhalation Adhesive may cause irritation

Ingestion Adhesive may cause irritation

#### 11.4. Chronical damage/symptoms

Eye contact In case of peristent symptomes, contact a physician

Skin contact In case of peristent symptomes, contact a physician

Inhalation In case of peristent symptomes, contact a physician

Ingestion In case of peristent symptomes, contact a physician

#### 11.5. Other information

n/a

### 12. Ecological information

#### 12.1. Ecotoxicity

The material does not present environmental hazards

#### 12.2. Persistence and degradability

n/a

#### 12.3. Bioaccumulative potential

n/a

#### 12.4. Mobility

n/a

#### 12.5. Results of PBT and vPvB asesment

n/a

### 13. Disposal considirations

This product can be recycled either in an authorised disposal unit or by controlled incineration.

Packaging and waste are to be disposed in accordance with local regulations

### 14. Transport information

Not classified as dangerous under transport regulations

### 15. Regulatory information

Not classified as dangerous within the meaning of EEC regulations

### 16. Other information

This sheet supplements but does not replace the product technical data sheet. The provided information is based on our knowledge of the product in question and it is information given in good faith. The attention of the user is also drawn to risk which may be involved when a product is used for purposes other than that for which it is designed. The accuracy of the information given in this sheet cannot be guaranteed. This information, which is given to our customers in good faith, for the sole purpose of informing and assisting them in their research cannot give rise to any formal or implicit guarantee with regard to its use. As result, Techniqua Specialties shall not be held responsible for any damage of any kind regarding the issue of this document. Similarly, no information contained herein shall be interpreted as an authorisation or recommendation on use of products which would breach rights protected by patent rights.
